YIHONG LIGHTING

Company Introduction

Zhongshan Yihong Lighting Co., Ltd. specializes in outdoor decorative lighting, including waterproof outdoor LED light strings, solar-powered light strings, and RGB light strings. We offer C7, C9, G30, G40, G50, S14, and E26 light strings, as well as mini LED light strings. By deeply integrating industry chain resources and leveraging two core production bases—Zhongshan Yiwei Lighting Technology Co., Ltd. and Dongguan Honghai Optoelectronics Technology Co., Ltd.—we have established an integrated R&D, production, and sales service system.

We utilize a comprehensive range of automated equipment, encompassing plastic injection molding, wire and cable production, automatic lamp and bulb production, inspection, and packaging. We provide a comprehensive range of high-quality, high-standard outdoor light string products to customers worldwide. We hold multiple certifications, including ISO9001, ETL, UL, CE, and FCC.
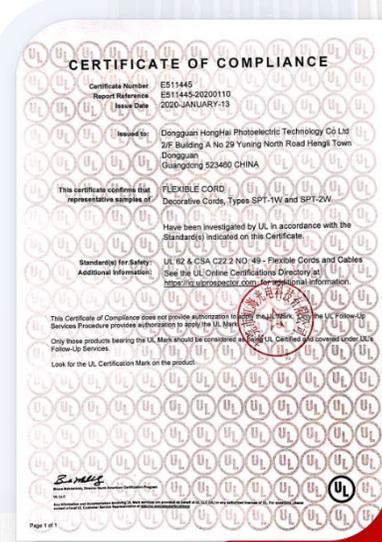

We have secured numerous valuable clients, many of whom have become local distributors. Our products are sold to numerous countries and regions, including Europe, North America, South America, and the Middle East. We will continue to deepen technological innovation, strictly control product quality, and continuously expand our product line. We will create a bright future with our global customers by providing high-quality services and reliable lighting solutions.

YWTP-01-7.622547

- Product Name: G40 Solar 25FT 25-Light (YWTP-01-7.622547)
- Specifications: 7.62 meters (25 lights/customizable)
- Functions: 8-function continuous light + wireless remote control + USB charging
- Solar panel button: 8 flashing modes
- Solar panel dimensions: 110x140mm
- Solar panel voltage and current: 5V 500mA 3W
- Battery voltage and capacity: 2400mAh lithium battery
- Material: Monocrystalline silicon
- Manufacturing process: PET lamination, frosted surface
- Battery capacity: 2400mAh
- Charge/discharge time: 6-8 hours/6-8 hours
- Charging type: USB or solar charging
- Base: E12 (customizable)
- Bulb type: G40 (customizable)
- Waterproof rating: IP44
- Lamp housing material: PP V2
- Lamp cord size: H03VH2-F2*0.5sqm copper-clad aluminum
- Input/output voltage: 3V
- Applications: Gardens, pool parties, cafes and restaurants, etc.

- Functions: 8 modes + remote control
- Solar panel button function: Switchable between 8 modes
- Solar panel dimensions: 85x105mm
- Battery voltage and capacity: 18650 lithium 3.7V 1200mAh
- Charge/discharge time: 6-8 hours / 6-8 hours
- Charge method: USB or solar
- Waterproof : IP65
- Light cord gauge: 0.2mm² outdoor-grade rubber-plastic cord
- Input/output voltage: 3V
- Remote control range: 8 meters, 360°
- Light string dimensions: 3-meter extension cord, 0.5-meter distance between lights

04

Product Name: Solar Multifunctional Meteor Flame Light String, 7.5m, 15 Lights

Functions: 8 Modes + Remote Control

Solar Panel Button Function: Switchable between 8 Modes

Solar Panel Dimensions: 85x105mm

Battery Voltage and Capacity: 18650 Lithium 3.7V 1200mAh

Charge/Discharge Time: 6-8 hours / 6-8 hours

Charge Method: USB or Solar

Lamp Head Size: E12 (Customizable)

Waterproof Rating: IP65

Lamp Housing Material: PET

Lamp Cord Size: SPT 0.5mm²

Input/Output Voltage: 3V

Remote Control Range: 8m, 360°

Light String Dimensions: 1.7m Extension Cord, 0.4m Distance Between Lights

05

Product Name: S14 Solar 14.67m 15-Light Single Strip Warm White LED String Light

Functions: Warm Light/Fast Flash - Steady On - Fast Flash - Breathing

Solar Panel Button Functions: Warm Light/Fast Flash - Steady On - Fast Flash - Breathing

Solar Panel Overall Dimensions: 211.5x133.3x35mm

Solar Panel Dimensions: 186x108mm (Monocrystalline Silicon)

Battery Voltage and Capacity: 18650 Lithium 3.7V 3600mAh

Charge/Discharge Time: 6-8 hours / 4-6 hours

Charging Method: USB or Solar

Lamp Head Size: E26 (Customizable)

Waterproof Rating: IP65

Lamp Housing Material: PET (Customizable PC Housing)

Lamp Cord Size: 2x20AWG 0.5A

Lamp Cord Material: PVC+ABS+Copper+Steel

Input/Output Voltage: 5V

Remote Control Range: 2 x AA Batteries, 8M, Wireless, 360°

06

Product Name: G45 Solar 48FT 15-LED RGB SMD LED Flashing Light String

Functions: 20 modes + 12 colors + voice control + RF wireless remote control

Solar panel button function: Switches between 20 modes and 12 colors

Solar panel dimensions: 211.5 x 133.3 x 35mm

Solar panel dimensions: 186 x 108mm (monocrystalline silicon)

Battery voltage and capacity: 18650 lithium 3.7V 3600mAh

Charge/discharge time: 6-8 hours / 4-6 hours

Charging method: USB or solar

Lamp head specifications: E27 (customizable)

Waterproof rating: IP65

Lamp housing material: PET (customizable PC housing)

Lamp cord specifications: 2 x 20AWG 0.5A

Lamp cord material: PVC + ABS + copper + steel

Input/output voltage: 5V

Remote control range: 2 x AA batteries, 8M, RF wireless, 360°
